

# The Food Co-op Expansion 2017: A Deeper Look

THE FOOD CO-OP

Addition to North side of building to allow more space.

Improved hot bar and addition of a salad bar.

New equipment throughout the store for improved energy efficiency.

Redesigned store layout to greatly improve traffic flow.

## Changes you might see.

## Changes you won't see but will improve our facility.

Increased storage capacity will improve purchasing power for local and other food.

Better working conditions for staff.

Increased volume will support even better pricing.

Improve mechanical systems to support the next 15 years.

What about parking?

We are aware of the parking challenge and are researching our options to best support our members.

We are working hard to improve our ability to stay here for the next 15 years, to improve staff's ability to work safely and to improve your shopping experience. We encourage member-owners to tell us what they think by using the notebook below or emailing us at: [expansion@foodcoop.coop](mailto:expansion@foodcoop.coop).
